

# Clima-Net

Cleaner for Air Conditioners, A/C Filters, and Outdoor Units

## Description

Clima-Net is the universal cleaner specially developed by Errecom for deep cleaning the different components of air conditioning systems. If used regularly, it significantly contributes to maintaining their efficiency and performance over time and ensuring good indoor air quality.

Clima-Net is ideal for cleaning the coils and filters of all splits, convector heaters, fan coil units, and outdoor units. It is safe for all plastic and metal surfaces and can also be used for cleaning the surfaces of boilers and heating systems.

## Field of Application

- HVAC/R

## Features

- Specific for A/C filters and evaporator components.
- Ideal for cleaning outdoor units.
- Quick and effective cleaning action.
- Eliminates bad odours caused by contaminants improving indoor air quality.
- Improves system performance and efficiency.
- HACCP compliant.

## Instructions

### A/C Filters

1. Remove A/C filters.
2. Dispense the product directly onto the A/C filters, maintaining a distance of at least 10-15 cm.
3. Rinse and wait for the surface to dry.

### Evaporator and Condenser Coils

1. Dispense the product directly onto the evaporator and condenser coils.
2. Wait for a few minutes.
3. Rinse with water.
4. Allow dirt to drain out through the condensate drain.

### Plastic and Metal Surfaces

1. Spray the product directly onto the parts to be cleaned.
2. Wait a few moments depending on the dirt to be removed.
3. Rinse and dry with a cloth if necessary.

## Physical and Chemical Properties

Property	Value
Aspect	Clear Liquid
Colour	Green
Odour	Characteristic (lavender)
Relative Density	1,0 ± 0,005 g/ml (at T = 20°C)
pH	9 ± 1

## Cleaner composition according to Reg. (EC) No 648/2004

<5%: non-ionic surfactants

<5%: anionic surfactants

Parfum

Preservatives: 1,2-benzisotiazolin-3-one

## Categorisation and Labelling

This technical specification is only applicable when it comes with the current Safety Data Sheet. In accordance with legal requirements, only the Safety Data Sheet contains current safety information. The MSDS is available on request.

## Safety Instructions

Avoid contact with eyes and skin and inhalation of vapour and mist.

Don't use empty container before they have been cleaned.

Before transfer operations, make sure that there are no incompatible materials in the containers.

## Storage Instructions

Store between +0°C and +40°C.

Store in a cool and well ventilated place.

Keep away from direct sunlight.

## Transport Conditions

This product is not regulated for transport according to ADR/RID, IMDG, ICAO/IATA.

## Shelf life

5 years from the date of production.

## Packaging

Art.-Nr.	Description	€			
AB1257.K.S1	1 L Spray Bottle	-	06	576	576

Trigger sprayers, bottles and tanks are made of 100% recyclable plastic.

## Hazard Statements

**Hazard statements:** H319 Causes serious eye irritation.

**Precautionary statements:** P280 Wear eye protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**Contains:** 1,2-benzisothiazolin-3-one: May produce an allergic reaction.
